SPH-m500

PRODUCT SPECIFICATIONS

Ahead of the pack

Whether it's for fun or for work, you've got a knack for trying and using new gadgets and technology that come your way. You won't be disappointed with the m500. With Bluetooth®, you can use a wireless headset to take calls or even link up to other devices like your PC or Pictbridge™ printer. Plus, the m500 won't leave you hanging - downloads are faster than ever with its high speed data transmission. The Samsung m500 gives you the technology that keeps you in the lead.

- High Speed Mobile Network
- Bluetooth® wireless technology
- Transfer files to another device via Bluetooth
- Enhanced performance

Banish the boredom

We all know how long and boring commuting to work can be, but you can hardly bring a stereo, gaming console, computer and your friends with you on the transit to keep you entertained. Or can you? The Samsung m500 packs an entertainment punch. In between calls and text messages, you can link up to the web and even download and play games. Combine the built-in MP3 Player with the Expandable Memory- MicroSD card, and you can store and play enough great songs to get you there and back again. Sit back, relax, and enjoy the ride with the Samsung m500.

- Expandable Memory- MicroSD card
- Built-in music player
- Downloadable content
- Speaker phone
- Advanced Voice Recognition

For the record

You're walking down the street on your lunch break when you see your favourite celebrity - you can't believe your eyes. Don't snap out of it - snap a picture! With the Samsung m500 you can easily take pics and record video clips right on the spot. Instantly send them to others as a multimedia message - the high speed mobile network allows you to get the word out in a flash. Who needs an autograph when you have the m500?

- 1.3 Megapixel camera
- Digital Zoom (2x)
- Video recorder
- Send a video message
- Send a wireless postcard
- Pictbridge™ compatible
